Hi Ruth,

Thanks for sharing your outline. I added comments to the annotated one which I found helpful in explaining what will go in each section.

Mindy-

Here is a draft 404(g) preamble outline for your review. I've attached 2 versions – one annotated with some notes on what a section would include and questions – and one clean.

This structure mostly follows the existing rule sections. As you and I discussed previously, there are some issues, such as retained waters, where there will be reg changes in more than one section. So in some cases, where possible, I grouped the changes for that section in one sub-heading, but we would cross-reference.

We'd welcome your thoughts, and can discuss after you've reviewed. If you can review by the end of the week, that would be great.

(I'll be separately sending you a few draft preamble and reg sections for your review)

Ruth
